SPECIAL TOWN MEETING**TOWN OF LINCOLN****June 25, 1969**

A Special Town Meeting of the town of Lincoln, N. H., was held Wednesday evening at 8:00 P. M. on June 25, 1969 at the Lin-Wood High School.

The Moderator, George M. McGee, Sr., opened the meeting with a flag salute by all and instructions on voting. It will be a secret ballot with a YES or NO written on the slips of paper handed out to the legal voters. He asked that no amendments be tacked on to the motion. He also stated that everyone who wanted to be heard, during the discussion, could do so by standing and being acknowledged by the Moderator.

The Moderator read the Warrant, the Authorization and the Decree of Justice Martin F. Loughlin which enabled the town to hold a special town meeting. Henry Waldo, Chairman of the Budget Committee, sanctioned.

ARTICLE I:

Motion by Ralph Foley: "I offer the following motion and move its adoption:

To see if the Town will vote to raise and appropriate a sum not to exceed \$285,000.00 for the purpose of financing and constructing an addition to the existing municipal interceptor line on Main Street in the town at the Dodge place so-called and extending in a general easterly direction of 10,000 feet, more or less, to the property line of Loon Mountain Recreation Association inclusive of easements and rights of way as may be required therefor, the whole of said sum to be raised by the issuance or sale of bonds or notes not to exceed said sum under and in compliance with the provisions of New Hampshire Revised Statutes Annotated Chapter 33

and all amendments thereto (Municipal Finance Act) and to authorize the Selectmen to issue and negotiate such bonds or notes and determine the rate of interest thereon and to do such other acts as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Lincoln and pass any vote or votes relative thereto."

Motion seconded by Emery Houle.

Discussion: A full discussion followed. Questions were answered by the Moderator. Governor Adams was asked by the Moderator to answer some of the questions, which he did quite fully. Mr. Waldo, Chairman of the Budget Committee, explained that the Budget Committee was called into a special meeting to discuss this Article 1 in the forthcoming warrant of the Special Town Meeting. It was fully approved by the Budget Committee, as had been previously done before the regular Town Meeting. The reason for the Special Town Meeting was due to an amendment being added to the motion which the bonding company after due course refused to accept. The amendment was pertaining to the old high school building which was to be sold and for the proceeds to go to the town, which were the plans formerly.

The Moderator explained that the Federal and State funds would still be forthcoming but in the next fiscal year, 1971, which starts July first, 1970. The town will have to borrow and pay interest on these monies which they will contract for until the Federal and State funds are available. Otherwise, if the amendment, at the regular Town Meeting, had not been added to the motion, the town would have been spared this interest charge.

A vote by secret ballot was taken: 102 yes — 13 nos. The motion carried.

ARTICLE II:

This article was pertaining to the dire need of men to volunteer as ambulance helpers or drivers. George

Boyle, a Selectman, asked all those who would be willing to aid in this necessary program to be at the next meeting, Monday evening following, of the Selectmen at their office.

A motion to adjourn by Henry Waldo, seconded by May Tardiff that the meeting adjourn. All in agreement (standing vote).

Meeting adjourned at 9:15 P: M.

LIN-WOOD HOME HEALTH AGENCY**1969**

Total home visits: 613, consisting of the following categories; Medical and Injury 229, Mental Health 73, Chronically Ill 150, Communicable Disease 72, Maternal and Child Health 37, Orthopedic 9, Non-illness connected 207.

Number of pre-schoolers to Orthopedic Clinic 4.

Visits made to schools, 220. Number includes visits to homes in behalf of students.

Athletic physicals were carried out on all pupils in the Junior and Senior High School by Dr. Charles Althoff and Dr. Ralph Parker. Nurse examinations were done in the Elementary Schools.

The Tine Tuberculin Test was done on the pupils in grade one. This program is through the New Hampshire Tuberculosis and Health Association.

This year we were unable to have the services of the Dental Hygienist due to illness. This program, through the Bureau of Dental Health, consists of instructions and films on care of the teeth.

Sponsored by the Rehabilitation Center in Portsmouth, Speech and Hearing tests were carried out on pupils in each school who were referred by their classroom teacher. Number of children tested: North Woodstock Elementary 24, Lincoln Elementary 27, Kindergarten 2, Junior and Senior High 7. Total 60. The testing was done by personnel from the Center.

Nurse In-service Education sessions were offered by the White Mt. Community Service in Littleton. Sessions attended, 3. Conferences held in Concord relative to Public Health Nursing. Number attended by nurse, 3.

Again this year, through Rev. Harry Flad, the Youth Fellowship of the Pemi-Valley Cooperative Par-

ish collected groceries for both the Thanksgiving and Christmas holidays.

The children of both towns greatly enjoyed the Christmas party given for them by the American Legion.

The Christmas baskets donated by Littleton Lodge of Elks were much appreciated.

For their Christmas project this year, the personnel and students of Junior and Senior High School donated a generous sum of money to an orphanage in Vietnam that the children might have a real Christmas. The personnel and students are to be congratulated.

For all cooperation during the year I extend my sincere thanks.

LIBRARIAN'S REPORT

The Lincoln Public Library saw a few changes in 1969. Mrs. Ione Norcott, who had been librarian for the town for many years, resigned. Mrs. Thelma Branscombe was appointed librarian and Mrs. Avalve Avery accepted the position of assistant librarian.

Work was started on weeding the collection, adding a new card catalogue and a complete inventory of the books on hand begun. A new book shelf of classics was added to supplement our collection. Work on all these projects is continuing at this time. In the Spring, Mrs. Branscombe and Mrs. Avery attended the Library Technique Course, Adult Services given at Plymouth State College and presented by the University of N. H. in cooperation with the New Hampshire State Library. They also attended several book buying meetings held at the District Office of the State Library in Littleton.

The Trustees opened bids on the proposed building and found them too high for the money available. At the present time, plans to remodel the existing building to meet specifications required by the State Library Development Program are being considered. Among measures necessary to meet the standards are a telephone on the premises and toilet facilities available by 1972. It is hoped that the minimum requirements at least may be completed in the time allotted.

The Bookmobile made four visits to Lincoln during the year. The librarians were ably assisted by Mrs. Ruth Burbank and Mrs. Dolores Hobin in selecting books to borrow.

We thank the Trustees for their assistance and cooperation and Mrs. Martha Patterson for her help as bookkeeper during the year.

Respectfully submitted,
THELMA BRANSCOMBE

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

FIRE PERMIT

A *fire permit* is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be *prior to 9:00 a. m. and after 5:00 p. m.*

EXCEPTIONS

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

DAY CAMP REPORT FOR 1969

January 29, 1970

Day Camp was held from July 7 to August 15, 1969, with an enrollment of 96 children from the Lincoln-Woodstock areas. In spite of adverse weather which flooded out the swimming area, and other conflicting summer programs, the camp season went well. 36 children passed their respective swimming courses. The program included several hikes away from camp, features such as a Smoky Bear demonstration, Fire Engine demonstration and performances by the Opera House cast, as well as the usual program of games, crafts and swimming. The Day Camp Committee was increased this year to six, which greatly helped in the planning and assistance of camp this past year. With the committee's continued efforts in 1970, camp should be aided even more. The jurisdiction of the Little League was assumed last year, for insurance protection.

The Tax Collector should take necessary measures to enforce collection of the delinquent taxes which are deemed collectible and obtain abatements from the Board of Selectmen for those taxes which have become uncollectible.

District Court:

It is noted that the District Court had not remitted to the Town Treasurer at December 31, 1969, the balance of the Town's share of the fines assessed by the Court during the year.

**Unauthorized Expenditures and Application of
Municipal Budget Law & Municipal Finance Act:**

It is noted that the following expenditures made during the year were not authorized by the voters at the 1969 annual Town Meeting.

Municipal & District Court Expenses	
(New Office)	\$ 1,688.40
Water & Sewer Construction —	
West St.	1,599.73
Sewer Construction — School St.	15,979.82
	<hr/>
	\$ 19,267.95

In connection with the aforementioned expenditures, attention is directed to the provisions of R.S.A. 32:10 of the Municipal Budget Law, which prohibit the expenditures of town funds by the Selectmen of a Town operating under the Municipal Budget Laws, for the purposes for which an appropriation has not been made.

In cases of emergencies of other contingencies, R.S.A. 32:10-a provides as follows:

“32:10-a Emergencies. When an unusual circumstance arises during the year which makes it necessary to expend money in excess of an appropriation which may result in over expenditures of the total amount appropriated, for all purposes, at the meeting or when no appropriation had been made, the selectmen or village district commissioners upon application to the tax commission and the school board upon application to the state board of education, may be given authority to make such expenditure. Such application shall be made prior to the making of such expenditure provided however that the tax commission or the board of education may accept and approve an application after an expenditure if caused by a sudden or unexpected emergency. No such authority shall be granted until a majority of the budget committee had approved the application in writing.”

The selectmen confirmed that the procedures required by R.S.A. 32:10-a were not followed with respect to the above expenditures.

Furthermore, inasmuch as \$11,068.93 of the expenditures made on account of the School Street sewer construction project were paid from the unexpended balance of 1968 sewer bond proceeds, the provisions of R.S.A. 33:3-a of the Municipal Finance Act should have been complied with before those funds were expended.

R.S.A. 33:3-a requires that unexpended bond balances may be used for purposes other than those originally intended, only if approved by a two-thirds vote of the voters present and voting at an annual town meeting. Otherwise, unexpended proceeds of bond issues must be used to pay the principal of the bonds outstanding.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Lincoln for their assistance during the course of the audit.
